

## FieldSaver® Infield Turf Covers

# WARRANTY

### MANUFACTURING DEFECTS

Infield Turf Covers are warranted completely against manufacturing defects. Such defects include, but are not limited to, defective fabric, improper stitching, defective heat-sealing, faulty or improperly placed grommets, or incorrect size. Manufacturing defects would be apparent before use or shortly after in use and must be delineated to manufacturer at that time. Digital pictures showing defect are required. Manufacturing defect claims for covers with extended use may be denied.

Upon verification of defect, manufacturer will either replace cover, repair to customer's satisfaction, or issue full or partial credit.

Manufacturer reserves the right to make the final judgment on the stated options.

Warranty applies under conditions of normal use, but does not apply to problems resulting from unreasonable use, mishandling, negligence or intentional damage. During cold-weather storage, rodents may chew small holes in cover. Damage of this kind is not covered. Warranty does not apply to 'wear and tear' through normal use.

### ULTRA-VIOLET LIGHT BREAKDOWN

Infield Turf Covers are warranted against fabric breakdown from the ultra-violet (UV) sunlight. Warranty is pro-rated:

- 14 oz. Blanket (NW14): 3 years
- 14 oz. ArmorMesh (VCP16X16): 5 years
- 9 oz. Standard Mesh (VCM9X9): 3 years

UV breakdown is evident through brittleness of fabric and greatly reduced tear strength.

Upon verification of defect, Manufacturer, will either credit customer, repair cover to customer's satisfaction, or replace.

Manufacturer reserves the right to make final judgment on the stated options.

Freight charges for replacement of cover are not included under warranty.

14 oz. Blanket (NW14) and 14oz. ArmorMesh (VCP16X16) are designed to withstand foot traffic, even metal spikes.  
9 oz. Standard Mesh (VCM9X9) is not designed to withstand any foot traffic.
